

Vedic Maths Program Plan for Pawar Public School, Karad.

Following the successful signing of the MoU between **NetSchool - Pradnya Academy** and **Pawar Public School**, we are excited to present the detailed plan for implementing the Vedic Maths Program. This initiative is designed to maximize learning outcomes for students while providing ongoing support from our trainers and tools.

1. Initial Student Test

- **Purpose:** To assess the students' current mathematical abilities and create a baseline.
- **Timing:** Conducted immediately after the program's launch.
- **Objective:** This will help in identifying the areas of improvement and track progress throughout the course.

2. 30-Hour Live Online Training

- **Duration:** 30 hours, spread over alternating days (1 day of training, 1 day of practice).
- **Structure:**
 - **Training Days:** Instructor-led sessions focusing on core Vedic Maths techniques.
 - **Practice Days:** Students will practice the learned concepts with support from the teacher.
- **Teacher:** [School's suggested teacher] will assist students throughout the program.

3. Access to Pre-recorded Video Course

- **Content:** 68 pre-recorded video lessons, available in English.
- **Access Duration:** 1-year access for all participating students.
- **Objective:** To allow students to review and reinforce learning at their own pace.

4. App-based Interaction and Support

- **Platform:** Students will have access to NetSchool Pradnya Academy's app.
- **Features:**
 - **Teacher Support:** Students can interact with their school's teacher for doubt resolution.
 - **Trainer Support:** Our expert trainers will also be available to provide additional guidance.

5. Follow-up Test After 90 Days

- **Purpose:** To evaluate the students' progress after completing the course.
- **Recognition:**
 - **Top 10% students:** Special recognition and awards for outstanding performance.
 - **All participants:** Certification of course completion for all students.

6. Teacher Training for School's Teacher

- **Objective:** To ensure the school's teacher is well-equipped to guide students through the Vedic Maths curriculum.
- **Content:** Comprehensive Vedic Maths Teacher Training Program by NetSchool Pradnya Academy.
- **Support Duration:** Ongoing support until the completion of the program.

7. Recognition for School

- **Certification:** Pawar Public School will receive a special certificate for participation in the Vedic Maths Program.
- **Token of Appreciation:** A commemorative plaque/symbol of appreciation will be presented to the school for their involvement and support.

8. Ongoing Support

- **Access:** Both teachers and students will have continuous access to support from NetSchool's team throughout the course duration and until the MoU expires.
- **Interactive Sessions:** Regular guidance and troubleshooting support will be provided by our trainers.

We look forward to collaborating with **Pawar Public School** and making this program a grand success for all students involved. Please let us know if you have any questions or suggestions.

Best regards,
